25X1 The Staff meeting was chaired by DD/PS in the absence of the Director of Security who was [ ] addressing the Office of Finance Conference.

1. BRIEFING THE NEW DDA

25X1 Last Wednesday, 7 May, [ ] briefed the new DDA, Mr. William Donnelly, on the functions of the Office of Security and some of the issues and challenges facing us. Mr. Donnelly plans to keep in touch with DDA offices through such personal briefings rather than by the Quarterly Review forum preferred by past DDAs.

25X1 3. U2 EXHIBIT AT AIR AND SPACE MUSEUM

25X1 On Wednesday, 7 May 1986, [ ] had the nostalgic pleasure of being an invited guest at the opening of a new exhibit on reconnaissance at the Air and Space Museum. The exhibit centers around the U2 airplane, designed by famous Lockheed engineer Kelley Johnson, which is suspended from the museum ceiling. The U2 displayed at the museum is the actual plane that made the first flight over the Soviet Union in 1956. The only disappointment in the exhibit is that the plane

25X1 is not painted black as it originally was but is covered in desert camouflage. There were 300 invited guests including six of the original U2 pilots and Mr. Johnson, who left his hospital bed to attend the ceremonies. [ ] commented that DDS&T personnel have been very involved in the planning for the exhibit which will give millions of people the opportunity to see one of this country's great achievements in the collection of intelligence.

#### 4. SMAG

25X1 There has been a good response to the OS Notice requesting officers to volunteer for membership on the Security Management Advisory Group (SMAG). The basic intent of the SMAG is to have a wide cross section of representation, limited to candidates GS-14 and below, to informally aid and complement the formal management machinery in the Office of Security. [ ] will select twelve of the volunteers next week.

#### 5. EO/OS ANNOUNCES RETIREMENT

25X1 [ ], announced his plans to retire from the Office of Security, after 32 years of government service, in August 1986.

#### 6. CURRENT PPS POLICY ISSUES

25X1 [ ] discussed two major policy issues being addressed by Policy and Plans Staff (PPS) at the present time. He and  
25X1 [ ] have been participating in an Interagency Working Group which is preparing a new Executive Order to replace EO 10450. The Chairwoman of the Working Group, from the Department of Justice, is currently preparing a draft of the new EO based on all the points and arguments made by participants from the various agencies. There are still some "bones of contention" but a genuine spirit of cooperation pervaded the working group meetings; it is hoped that a strengthened government-wide personnel security program basis will result.

25X1 PPS has also been engaged in preparing a response to a 64-page segment of the Stilwell Commission report, which came into PPS with a 3-day deadline. [ ] thanked those in the office who provide input on matters such as these, given the short notice often imposed on them. He stressed that these papers and meetings are somewhat esoteric but the outcomes often have a significant effect on our current and future programs.
